Program Options

Courses printed in BOLD are Aviation core courses. All core courses must be completed prior to registering Aviation 4500 (Aviation Capstone is offered both fall and spring semesters).

Please see academic advising staff in Aviation for more information on various options within the Aviation program.

Acceptance Criteria

Acceptance into the Aviation major is dependent on the cumulative point-hour ratio (CPHR) and the eligibility point-hour ratio (EPhR) upon completion of the following pre-major courses: AVN 2000, 2100; Math 1151, 1172 or 1152; Physics 1250; English 1110 and Engineering 1181, 1182. A minimum EPhR of 2.0 is required. **Students must be in the major or minor to take the 3000 level or higher Aviation courses.**

****AVN 4300 is required for the Professional Pilot Specialization.**
